

FILM CLUB-REPORT

The Film club of St.James' School , 'Montage' took the initiative to organise a field trip to SRFTI (Satyajit Ray Film and Television Institute) Kolkata on 27th September 2013.

Our trip to SRFTI changed our whole idea of film making. Accompanied by our teachers Mrs.D.Flynn and Mrs. M. Sanyal ,we the members got to see and experience the art of film making and what happens behind the scenes.

Mr.Prosenjit Ghosh, associate professor and Mr.Shyamal Sengupta, professor and H.O.D.(Head Of Department) of SRFTI discussed many aspects of film making line Production, Direction, Cinematography, Editing and Sound Recording. We saw the shooting of one of the films in progress and also were taken to the costume section. Preparation of a Set to give the exact depiction of a room or a old north Calcutta house made us realise the creativity of this subject.

Last but not the least was the viewing of the camera that Satyajit Ray used for shooting Apu's Trilogy. Lenses of various types were also shown to us.

The visit was an educating experience and we learnt and appreciated the effort of the team at SRFTI.
